Clinical Dosing Strategies for Ocular AAV Gene Therapy

Prathap is currently serving as the Scientific director and group leader in Clinical Pharmacology and Pharmacometrics at J&J Innovative Medicines at Spring House, PA. His team consists of clinical pharmacology leaders supporting portfolio from FIH through registration and beyond. Prior to this role, he led a translational PK/PD team that supported biologics portfolio across all therapeutic areas within J&J. Prior to J&J, he served as the functional lead of DMPK and toxicology at Ambrx, La Jolla, California, and as the Study Director/Research Scientist at Charles River and Seventh Wave laboratories within the DMPK group, responsible for PK/TK analysis, strategic consulting on lead candidate selection and human dose projections and served as the study director for in-vitro/in-vivo DMPK studies. Prathap holds PhD in Pharmaceutical Sciences from Mercer University and bachelor's in pharmacy for Rajiv Gandhi University, India.
